Students under the age of 18

At Kaplan International College London, we work hard to give all of our students a fantastic study experience, and we provide additional support to ensure the welfare of our students who are legally minors. All students under the age of 18 are required to have a UK-based guardian appointed until they turn 18. If you will be under 18 when you progress onto your degree, you must adhere to the University's safeguarding policy regarding students under the age of 18.

Guardian Requirements

Kaplan International Pathways have a duty to safeguard and promote the welfare of under 18s in the UK. We require all guardians to be over the age of 21 and must be based full-time in the UK. From experience we know that the most effective guardians are those who:

- are mature and positive role models
- are able to make important decisions which may affect the student, and provide appropriate guidance to them
- can be available to provide support when needed and liaise as required with the study centre, accommodation provider and the student's parents
- are based in a location which is reasonably close to the study centre, ideally living in the town or city where the student is studying
- can communicate well in English
- are already known to the student
- make initial contact and assist the student to settle into their new location
- make regular contact and check in with the student

Underage Consent Form

We require additional information for student who will be under 18 during any section of their studies with us, therefore we ask for students and their parents to complete the Underage Consent Form which can be found online at www.kaplanpathways.com/underage-consent

On this form there are four key sections which need to be completed:

- Student and parent/legal guardian information
- UK-based guardian details
- Medical conditions, disabilities and additional needs
- Parental consent and declarations

College Guardians

If you do not have someone who can act as a guardian for you in the UK, you can request one through College Guardians guardianship services. College Guardians is an AEGIS-accredited service provider, who offers a customised service to Kaplan International College London students. You can apply for College Guardians' services at the time of filling in the underage consent form detailed above.

Services Include:

- Initial introductory meeting when the student arrives at college in the UK at the beginning of the academic year.
- Additional Meetings at the college twice each term, to be arranged by Kaplan International College London and College Guardians in a 'drop in clinic' format.
- Regular email and telephone contact with the student/parent/college
- 24 hour on call emergency service during term time

More information can be found in the Underage Consent Form.
